ARCHWALL BUILDINGS

Since launching our product line 65 years ago, Meridian has set the standard of excellence in the storage and handling industry.

Meridian has continuously incorporated the latest technological innovations to meet our customers' ever-changing needs.

Meticulous attention to quality and detail reflect the attitude of an enthusiastic and skilled production team, lending confidence to each Meridian customer of a superior and dependable product.

Meridian's best references are the thousands of customers who have experienced the quality, service and value Meridian has become known for.

MAXIMUM FLEXIBILITY.

Meridian's Rugged Double-slide Doors

- ► Ease of access & life-long performance
- ► Well balanced & secure
- ► No sag, easy-glide operation
- ▶ Effective seal against the weather

Revolutionary Construction & Foundation

- ► Minimal site preparation
- ► Constructed with 3/8" bolts plated to "JS1500" spec
- ▶ Revolutionary die-formed footing channel (the most practical method available)
- ▶ Life-long strength & performance
- ▶ Simple construction
- ► Future expansion always possible
- ► Maintenance-free performance

Superior Roof System

- ► Heavy gauge galvanized steel arch panels
- ▶3′5″ (1.067m) panels bolt together easily
- ► Sealant applied to all seam & overlap joints to ensure weathertight structure
- ► Sealed & double bolted panel splices for maximum strength & durability
- ► Special metal flashings & rubber gaskets seal endwall connections to arch panels

Room to grow.

Your Meridian ArchWall can be easily expanded at any time simply by unbolting the existing endwall, adding new arch sections and replacing the original endwall.
